

DESCRIPTION

ENEOS MOTOR OIL SP/CF 20W-50 is a highly refined, mineral based engine oil recommended for gasoline and diesel engines. High-viscosity index and selected base oil assures an excellent cold start with outstanding lubricating film at high-temperatures. The specially chosen additive enhances performance and functions of the engine, prolonging its operational life. Together with the excellent detergent/dispersant properties, this oil ensures a clean and reliable engine for daily condition.

ADVANTAGES

- ✓ **Exceptional Performance Engine Oil**
 - Blended with highly refined high-viscosity index mineral base oils and optimised additives, its high-temperature oxidation stability is superior compared to conventional engine oils made from another mineral base.
- ✓ **Reducing Fuel Consumption**
 - Helps reduce the fuel consumption as well as emission levels. Due to the unique formulation, low evaporation under severe operating condition is assured.
- ✓ **Exceptional Resistance for Wear, Corrosion, Foaming and Oxidation**
 - Gives optimum protection against wear, provides strong anti-corrosion and anti-foam characteristics as well as high resistance against oxidation.

PERFORMANCE LEVEL

SP/CF

APPLICABLE VEHICLES

- All types of vehicles where this viscosity is recommended.
- Compatible with gasoline and diesel vehicles.
- Recommended for vehicles made by world-leading manufacturers.
- Check user's manual for the manufacturer's recommended oil viscosity grade, API service classification.

CONTAINER SIZE

4 Litre Tin Can

TYPICAL CHARACTERISTICS

SAE Grade		20W-50
API Performance Grade		SP/CF
ILSAC		-
Density (15°C) g/cm ³	ASTM D 4052	0.8808
Viscosity mm ² /s (40°C)	ASTM D 445	163.70
	ASTM D 445	17.85
(100°C)		
Viscosity Index	ASTM D 2270	120
Flash Point °C	ASTM D 6749	256
Pour Point °C	ASTM D 97	-30
Base Number	ASTM D 2896	6.65

Note: Typical characteristics are subject to change without notice (28 Mar, 2025)

Safety Precaution:

- Avoid prolonged and repeated skin contact with used oils
- In case of physical contact, wash immediately with soap and water
- Protect the environment by disposing off used oils as per local regulations
